Letter No.5545-B-32, dated the 17th Nov. 1932, from the District Magistrate, Civil and Military Station, Bangalore.

Please see the draft amendments to the Bangalore Explosives Rules at S.N.7 published for criticism. No objections have so far been received. The Govt. of India may be addressed with a view to their previous sanction being accorded to the amendments.

~~A draft is submitted.~~

The District Magistrate agrees to the Bangalore Explosives Rules being amended on the lines of the amendments to the Indian Explosives Rules ~~amending~~. A draft notification with the amendments proposed is submitted. The draft has to be published for objections and criticisms as required by Section 18 of the Indian Explosives Act (1884). Time may be allowed till the 26th July.

The following differences will be observed in the draft and in the Government of India notification. ~~as~~ ~~amend~~. Schedule III ~~of~~ the Indian Explosives Rules corresponds to Schedule II ~~to~~ the Bangalore Explosive Rules. There is no form in the Schedule to Bangalore rules corresponding to Forms I and E.E. and K of Schedule III to the Indian Rules. The other forms in the Schedule to Bangalore rules compared ~~to~~ with those in the

Scheaule

The Indian Explosives Act of 1884 ~~has been applied to~~ is in force in the C.&M.Station ~~with effect from~~ Consolidated rules under the Act ~~The Indian Explosive rules~~/came into came into force in British India in 1914.

Similar rules, known as the Bangalore Explosive Rules, were introduced into the Station in 1915.

They have been amended from time to time in conformity with amendments to the British India Rules. Proposed amendments are always published for criticism in Residency orders and after objections, if any, have been disposed of they are submitted to G.of I. for sanction.

On 19/5/32 in notification M1004/ G. of I. further amended their rules and the Collector/on 14/7/32 was asked/whether similar amendments should not be made to the Bangalore rules.

On 7/9/32 Collector agreed as to the necessity and the draft rules were published for criticism on 20/10/32. The period for criticism expired on 1/12/32 and after that all that was necessary was to submit the Draft (I) which is now put up after an interval of more than five months. This draft may now issue.

On 4/10/32 G. of I. sent us another notification M1004 and similar action was taken in regard to this .

On 17/11/32 the Collector agreed that the amendments should be applied to the Station. All then that was necessary was to publish the G. of I. amendments, mutatis mutandis , in Residency orders for criticism. This is put up after a lapse of nearly six months .

Draft II may also issue.

Sanction is not to be on record in view of the Act S/18(3)a(4) to say in draft I that a draft of the proposed amendments was duly published

in the bypass R.O. & that no objections or conditions on the subject were received?

Draft II may issue.
